CREATING FIREPLACES AS **INDIVIDUAL**
AS YOU ARE

WELCOME

Individuality is something that we always strive to achieve. At The North West Fireplace Centre our aim is to provide you with not only a stunning fire and fireplace but help you create a timeless piece of craftsmanship that will last for years to come.

TRADITIONAL

From ornate cast iron surrounds to hand-carved stone materials, these designs bring a sense of history and craftsmanship into the heart of your home.

CONTEMPORARY

Sleek lines, bold materials and minimalist design - contemporary fireplaces are made for modern living. Whether wall-mounted, freestanding or built-in, they bring warmth without compromising on style.

MEDIA WALLS

A media wall brings together warmth, entertainment and contemporary design - perfectly blending a feature fireplace with your TV and tech for a sleek, streamlined look.

MATERIALS & FINISHES

Wood

From rich oaks to soft painted timbers, wood brings warmth, texture and timeless appeal to any fireplace design.

Whether you prefer traditional detailing or a clean, contemporary look, each piece is carefully crafted to highlight the natural grain and character of the wood.

Marble

Marble offers a luxurious finish that never goes out of style. With its natural veining and cool, polished surface, it adds a sense of sophistication to both classic and modern interiors.

Available in a range of tones and textures, marble makes a truly timeless centrepiece.

Cast Iron

Cast iron fireplaces are full of heritage and charm. Known for their strength and intricate detailing, they bring depth and authenticity to period homes and traditional interiors.

Durable, distinctive and full of character - cast iron never fades into the background.
